Date: 17 July 19

To Whom It May Concern

Dear Sir / Madam

## LETTER OF REFERENCE

## proxSafe key management system

East Spring Secondary School installed the above system in 2015. We are satisfied with the RFID Proxsafe Key Management system supplied by Coselec Pte Ltd.

We evaluated several other key management systems and finally decided on the proxSafe system. The system was chosen as it fully met our school's key management requirements

The proxSafe system was installed in our General Office and manages 64 keys for General Office, Special Rooms, Science and Computer Labs, Workshops, ISH, Hall. The proxSafe key management system is user friendly, fully automatic, highly innovative. It totally eliminates the cumbersome manual process of record-keeping and administration.

The system provides an audit trail of each and every key. This has encouraged ownership of keys which translates to very prompt return of keys and almost zero incidence of lost keys.

The system is reliable, efficient and value for money and recommended for greater efficiency

Thank you

Yours faithfully

Raj Rai OM
